## DE-STRESS WITH A LUXURIOUS HOT BATH

*One of the most luxurious things that we can do for ourselves is soak in a hot bath. I do with my rubber ducky. My new place has a Jacuzzi and jets. I fill it up with (Epsom salts-which sucks out lactic acid from your muscles), bubble bath, my favorite (Lavender) aromatherapy, I add a mud pack, deep conditioner on my hair, shave my legs, put soft relaxing music on with a glass of wine. I sit and relax and meditate in my own home. This helps me totally relax one hour before going to into a deep slumber. Try this at least for 20 minutes and three times a week. Your muscles will soon relax. An ideal time to also do this is after your massage from me. I guarantee you that you will sleep like a baby! Enjoy! You deserve it TONIGHT!*
